VOLUME CVI.---NO 143. ALEXANDRIA, VA., SATURDAY EVENING, JUNE 17, 1905. PRICE 2 CENTS.

A rich man died the other day. He died in the very midsummer of life, and he left his family $1,000,000. The doctor's certificate showed that death resulted from typhoid fever. The doctor himself said to a friend: "That man was a suicide. He had a splendid constitution. I could have pulled him through if his stomach had been sound. But he ruined his stomach by hasty meals, snatched in intervals of business and by neglect of symptoms which have been warning him a year past, that his stomach was failing in its duties."

The symptoms of a disordered stomach are, among others, variable appetite, sour risings, heartburn, undue fullness after eating, dull headache, dingy complexion, discolored eye, fluctuations in physical strength, nervousness, sleeplessness, despondency. No person will have all these symptoms at once.

The restoration of the stomach to sound health, begins with the first dose of Dr. Pierce's Golden Medical Discovery. The cure progresses until the functions of the stomach are in healthy operation. Then the nerves are quiet and strong, the appetite healthful, the sleep restful, the eye bright, the complexion clear.

"Please accept my thanks for the benefit which my child received from your medicine," writes Mrs. W. A. Morgan, of Silica, Mo. "He had been troubled for nearly a year with liver complaint, indigestion and constipation. I gave him your 'Golden Medical Discovery' and 'Pleasant Pellets,' and they did him great good. I gave him the 'Discovery' about eight months, and several vials of the 'Pellets.' He seems to be perfectly well now."

If you want a cure accept no substitute for "Golden Medical Discovery."

Dr. Pierce's Pleasant Pellets. These ORIGINAL Little Liver Pills, first put up by old Dr. R. V. Pierce over 40 years ago, have been much imitated but never equaled. They're made of purely vegetable, concentrated and refined medicinal principles, extracted from native American roots and plants. They speedily relieve and cure foul, torpid and deranged Stomachs, Livers and Bowels and their attendant distressful ailments. One or two a laxative, three or four a cathartic.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.

Kodol
Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

Dollar bottle holds 2½ times as much as the trial, or 50 cent size. Prepared at the Laboratory of E. C. DeWitt & Co., Chicago, U.S.A.

ANOTHER WAR CLOUD.

It can no longer be denied that we are in the presence of an international crisis of the first magnitude. Paris wired last night that the French government is almost convinced that it is Germany's deliberate intention to provoke war. Orders were given by the ministry of war Wednesday to make every preparation to resist attack. All officers and men on leave were ordered to rejoin the colors instantly. Special trains in all parts of the country have been facilitating the execution of the instructions.

Prime Minister Rouvier has adopted the most conciliatory attitude toward Germany, but every concession he makes inspires fresh demands until now Emperor William asks in effect the cancellation of the Anglo-French entente. This is not, of course, demanded in so many words, but it is insisted that France shall make no combinations antagonistic to German interests.

Complete submission to all the presure the Kaiser is now putting upon the French republic would reduce the country to vassalage. France sincerely desires to avoid war, but at the moment it is apparent that Germany is deliberately attempting to humiliate her, French pride will burst into uncontrollable resentment.

It should not be inferred from the Paris dispatch of Wednesday that the British attitude is in any degree weak or yielding. The British government is fully aware that Germany's aggression is aimed quite as much at Great Britain as against France. Lord Landsdowne is all for peace, but the remainder of the cabinet are determined to resist with all the resources of the empire any serious encroachment on British interests.

Lord Lansdowne has counseled France, while avoiding all provocation, to preserve a firm attitude in face of German aggression. Great Britain has also taken important independent action which is not yet disclosed. It will become known when the China squadron and other ships of the British navy, which are hastening homeward at top speed, approach their destination. It will be found to be quite as significant as the mobilization of the flying squadron which was Great Britain's response to the Kaiser's famous Krueger letters. There is reason to believe also that even if France yields to German pressure in the matter of an international conference in regard to Morocco, England will vet> it, even if she stands alone. The British government and people were never more anxious for peace than now, but if the Kaiser should attempt to deal with England as he is treating France, war would be a question of only hours.

Referring to the seriousness of the Franco-German tension, the Paris correspondent of the London Express states that the positiod Wednesday night was considered so grave that it was believed that France was so near war with Germany that the minister of war and his whole staff remained up all night, ready to give mobilization orders to the army if necessary.

The correspondent adds that M. Rouvier's conciliatory tone has been mistaken by Germany for weakness and the Kaiser's demands are increasing. But for the encouragement received from Lord Lansdowne, the British foreign secretary, France would by now have acceded to all these demands. Great Britain assured the republic of her support throughout.

Meantime the developments in the Russo-Japanese peace movement command only the secondary attention of official circles and the general public.

Another Attack on Fortress Monroe.

Admiral Dickens, with his squadron, again bombarded Fort Monroe last night. The engagement was an exact reproduction of the performance of Thursday night. The bombardment began at 10:30 o'clock. The monitors approached after the torpedo-boat destroyers had made a run by, firing continuously, and creating a bank of smoke. A novel feature was the audacity of four of the steam launches of the squadron. Painted black, they formed a line and ran the length of the fort close in shore, firing continuously with one-pounders. The battle was witnessed by crowds of people, who lined the sea wall, excursions having been run to Old Point throughout the day. The demonstration is designated in the rules governing the war game as a "run by night." The result in number and accuracy of shots will have to be computed later. The mines of the defense were supposed to be removed.

The joint exercises of the army and navy which began last Sunday ended today.

Long-range firing between the fleet of Admiral Dickens and the fort began shortly after 11 o'clock yesterday. The fleet was divided into two squadrons and approached the fort from Cheasapeake bay and from the capes. The smaller craft did not participate. The benefit derived was in the range-finding practice. From the naval standpoint, the object of the "reconnoisance in force" is to locate the shore batteries by drawing their fire at long range.

The double-turret monitor Terror withdrew from the war game yesterday afternoon on account of damage. She proceeded to the Norfolk navy yard.

Conviction Follows Trial

When buying loose coffee or anything your grocer happens to have in his bin, **how do you know what you are getting?** Some queer stories about coffee that is sold in bulk, could be told, if the people who handle it (grocers), cared to speak out.

Could any amount of mere talk have persuaded millions of housekeepers to use

Lion Coffee,

the leader of all package coffees for over a quarter of a century, if they had not found it superior to all other brands in

Purity, Strength, Flavor and Uniformity?

This popular success of LION COFFEE can be due only to inherent merit. There is no stronger proof of merit than continued and increasing popularity.

If the verdict of MILLIONS OF HOUSEKEEPERS does not convince you of the merits of LION COFFEE, it costs you but a trifle to buy a package. It is the easiest way to convince yourself, and to make you a PERMANENT PURCHASER.

LION COFFEE is sold only in 1 lb. sealed packages, and reaches you as pure and clean as when it left our factory.
Lion-head on every package.

Torture of a Preacher.

The story of the torture of Rev. O. D. Moore, pastor of the Baptist church, of Harpersville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies, without relief, until I took Dr. King's New Discovery for Consumption Coughs and Colds, which entirely cured my cough, and saved me from consumption." A grand cure for diseased conditions of Throat and Lungs. At E. S. Leadbeater & Sons, druggists; price 50c and $1.00, guaranteed. Trial bottle free.

Found a Cure for Dyspepsia.

Mrs. S. Lindsay, of Fort William, Ontario, Canada, who was suffering quite a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's Stomach and Liver Tablets. She did so and says, "I find that they have done me a great deal of good. I have never had any suffering since I began using them." If troubled with dyspepsia or indigestion why not take these Tablets, get well and stay well? For sale by Gibson & Timberman and W. F. Creighton & Co.

Quality vs. Quantity.

When you take Kodol Dyspepsia Cure your system gets all the nourishment out of all the food you eat. It digests what you eat regardless of the condition of the stomach and conveys the nutrient properities to the blood and tissues. This builds up and strengthens the entire system. Kodol cures Indigestion, Dyspepsia, Belching, Sour Stomach, Weak Heart, etc. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

SATURDAY EVENING, JUNE 17, 1905.

THE STRAINED relations between France and Germany have cast the Russo-Japanese conflict into a partial eclipse, and are exciting the attention of the civilized world. There is every reason to believe that the Kaiser is deliberately seeking war with France and that he is determined to precipitate it on one issue or another. France has realized this for some time and has been doing all that could be reasonably expected to avoid a conflict, but it is now apparent that in order to maintain her self-respect it will soon be necessary to resent the German Emperor's aggression. We seem to be living in an era of wars and rumors of war, and the restiveness of the present day is naturally causing anxiety to all lovers of peace. It is a commentary upon the dreams of many who persist in solacing themselves upon the hallucination that the world is growing better and that arbitration is about to rule in settling frictions between nations. We fail to discern the slightest sign of any such desideratum. The world has for over a year been horrified at the terrible carnage enacted on land and sea by the war in the far East. What was a few years ago regarded as one of the most invulnerable nations has shown its weakness when pitted against a small country which has but recently arisen from a half-civilized state. England in her war with the Boers was taxed for all she was worth before she finally succeeded in crushing a small but courageous people. Germany has been top-heavy ever since her triumph over France thirty-five years ago, and, to use a schoolboy's expression, has been carrying a chip upon her head continually. France, on the contrary, has risen superior to her reverses and humiliation, and, by pursuing a pacific course, has more than retrieved her previous misfortunes, and it is to be regretted that that country is to be forced into a conflict that may bring on universal trouble. Should the war be contracted to France, and Germany it would be serious enough as both are first-class powers. But that it would be impossible for other countries to walk the razor edge path of neutrality is apparent. Both countries have enormous maritime interests, the derangement of which would be disastrous.

THE AUTOMOBILE is rapidly making a record as a death-dealing engine. Today week three persons were drowned and one was seriously injured by an automobile plunging through a draw-bridge into the river in Chicago. On Sunday Miss Filmore and Miss Kerst were severely injured in collision between two autos at Egg Harbor, N. J. Matthew Fink was injured by being run down by an auto at Gloucester City, N. J. On Tuesday Edward Doyle, an inspector in the department of sewers in Queens, was killed in Long Island City. His horse became frightened by an automobile and ran away throwing Doyle to the pavement. On Wednesday Mr. and Mrs. Richard S. Sayer, of New York and Englewood, N. J., were killed and Richard, jr., and Ray, their children, were badly injured in an auto and train collision near Goshen, N. Y. On Thursday W. B. Woodbridge was killed, S. H. Wolfe seriously, two others slightly hurt, by an auto smashing into a fence at Saugus, Mass. John A. Drake, the Chicago millionaire was on the same day in an automobile smash-up outside Sheepshead Bay race track. He and three friends were thrown from the car, but not seriously injured. Col. E. J. Braden, business manager of the Henry W. Savage theatrical concern, while leaving Sheepshead Bay race track in his automobile Thursday collided with a truck. He was hurt internally and bruised from head to foot. On Friday James Black, president of the Delver Company, was run down by an automobile in New York. He only lived a couple of hours after the accident.

WITH some people business is business no matter what great question is involved. Today it is announced that Chicago and St. Paul have expressed their willingness to be the scene of the pending peace negotiations between Russia and Japan, and that a meeting of the Citizens' Association of Newport, R. I., was called last night for the purpose of trying to secure the peace conference for that resort. It was said that twenty villas had been offered for the use of conferees.

PROFESSIONAL "reformers" are justly held under suspicion by practical men, and the old saying, "Scratch a reformer and you will find a rascal," has been so often verified that it has almost become a truism. In Norfolk yesterday a "good government" political worker was sentenced to the penitentiary for violating the election laws, and one of his associates is now on trial for the same offense. The "good government" faction was defeated in the primaries in Norfolk this week.

THE War Department has just been wrestling with the case of an army officer who was permitted to resign "for the good of the service," but who still persists in wearing the uniform of his rank. It was first believed that he could be compelled to take off the honorable shoulder straps, but after the law was carefully studied it was discovered that nothing could be done. Any one, for that matter, can wear the uniform of a lieutenant general if he has the money to pay for the raiment and impudence to be in public arrayed therewith.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., June 17.

The President has affirmed the judgment of a court martial at Fort Preble, Me., that tried Fist Lieutenant Frederick C. Smith, Artillery Corps, in so far as he was sentenced to dismissal from the army and confinement for one year. A fine of $1,200 was remitted. Smith was charged with making fraudlent claims against the government, unbecoming conduct, disobedience of orders and embezzlement.

For the first time in the history of the Military Academy, representatives of the Chinese Empire have been admitted as cadets in the institution. The two young Chinamen, Ting Chia Chen and Ying Hsing Wen, with Louis Bargran, of Honduras, and F. Thomas Plaza, of Ecuador, under special act of Congress, will receive instructions with the class of 145 candidates who were received as cadets on June 15.

Cardinal Gibbons was a caller at the White House today, Rev. Dr. Stafford of St. Patrick's Church, escorting him to the executive office. "I came to congratulate the President upon his magnificent achievement in bringing about peace between Russia and Japan," said the Cardinal. "He is an angel of peace and deserves the thanks of the entire world."

It is stated that the diplomatic room of the State Department will not be the scene of the Russo-Japanese peace negotiations, because the room is required for the ordinary current business of the department. It is suggested that the reading rooms set apart in the Library of Congress for the use of the Senate and House would probably be the scene of the negotiations.

The President has written to the chairman of his "personal investigating committee," saying: "This committee is to investigate and find out what changes are needed to place the conduct of the executive business of the government in all its branches on the most economical and effective basis in the light of the best modern business practices."

The Bowen-Loomis case is nearing an end but instead of closing it up today as he had hoped to do Secretary Taft has been informed that the final witness cannot be here until Monday. He is Mr. Porter a bookkeeper of the New York and Bermudez Asphalt Co. Today Messrs. Loomis and Bowen were again before the Secretary making statements and counter statements.

The Attorney General today announced after a conference with the President that W. W. Cotton, of Portland, Oregon, would be appointed to succeed Judge Bellringer, of the federal district. Attorney-General Moody announced that on Tuesday statements will be made public by the President and himself relative to the investigatiou of the Atchinson, Topeka and Sante Fe Railroad Company, for alleged rebate giving to the Colorado Fuel and Iron Company. The statements will explain the reasons for the withdrawal as special counsel of Judge Harman, of Cincinnati.

Governor Magoon, of the canal zone, wired the commission today that he has completed the organization of the Supreme Court of the District of the Canal Zone, and has appointed Dr. Facundo Mutis Duran, a Panamanian citizen, chief justice, and Lorin C. Collins, of Chicago, an associate justice. These gentlemen with H. A. Gudger, formerly consul general at Panama, the present justice, comprise the court as consiituted by law.

CONFEDERATE VETERANS.

Yesterday's feature of the reunion of the United Confederate Veterans at Louisville was the parade of the old soldiers, which began at noon. The line of march covered about three miles.

An hour before the time set for the parade to move the sidewalks were jammed with spectators, ready to give the veterans a splendid greeting.

When the start of the parade was made Commander-in-Chief Lee and his staff, all on superb mounts, were given a rousing cheer as they took places at the head of the column.

The parade was in three grand divisions, comprising the Trans Mississippi Department, the Department of the Army of Northern Virginia and the Department of the Army of the Tennessee. Colonel Bennett H. Young, commander of the Kentucky Division, United Confederate Veterans, was chief marshal, and the following were in command of the three divisions:

Gen. W. L. Cabell, Texas, commanding the Trans-Mississippi Department; Gen. C. Irvine Walker, South Carolina, commanding the Department of Northern Virginia; Gen. Clement A. Evens, commanding the Army of the Tennessee.

Huge floats gaily decorated were provided for the veterans who were unable to walk.

COURT OF APPEALS.

The case of Dixon vs. Paddock, from the Circuit Court of Wise county, argued and submitted.

Next cases to be called:

Commonwealth At Rel. &C. vs. Wampler et als.

Kane vs. Quillin et als. and Neece vs. Neece et als., from twenty-fourth circuit.

University of Virginia.

At the recent meeting of the board of visitors of the University of Virginia two members of the medical faculty of that institute, Dr. William G. Christian and Dr. Augustus F. Buckmaster, tendered their resignations, which were accepted. Dr. Christian has for several years been dean of the medical faculty, and for 11 years has occupied two chairs, of anatomy and surgery, having succeeded the distinguished William B. Cowles, who death occurred in 1893. Dr. Buckmaster came to Virginia from Brooklyn, in 1894, to fill the chair of gynecology, obstetrics and practice of medicine, made vacant by the death of Dr. William C. Dabney.

The professorships thus vacated will be filled at a called meeting of the board in July or August.

News of the Day.

Secretary Shaw is to try the experiment of paying government employes by check instead of cash.

General Linevitch has reported a Russian turning movement, by which, he says, the Japanese have been forced to retire from Iulantizi after burning their stores.

While excavating for water mains in one of the main streets of Helena, Mont., yesterday, a workman found an ingot of copper and gold weighing 75 pounds.

Frances Rush Thaw, actress and heroine of the Thaw matrimonial tangle, in Chicago yesterday received $75,000 in cash and an absolute divorce from Chas. Harper Thaw.

President Roosevelt has appointed a committee to examine into the methods of conducting business in the several departments of the government with a view to recommending improved business systems.

Alfred P. Marston, assistant forman of printing at the government printing office, died yesterday at his home in Washington. He was born in Philadelphia 56 years ago, but had lived in Washington since boyhood.

The feeling of doubt that James Hazen Hyde has really sold his majority stock in the Equitable Life Assurance Society to Thomas F. Ryan appears to be on the increase and there is a growing belief that there may be as much one-man power in the society under the trusteeship as before.

In Manchuria, midway between the two armies, the Russian and Japanese commanders will meet to sign the armistic which will pave the way for the Washington conference if the present tentative programme is followed. Exchanges on this point are now in progress between Tokio and St. Petersburg via Washington, but no final conclusion has been reached.

Brodie L. Duke, the millionaire tobacco merchant of Durham, N. C., has just served divorce papers on his third wife, Alice Webb Duke, whose sensational fight for his liberty was a feature of metropolitan news last winter, and almost simultaneously it was learned that if the plaintiff should be successful in his suit he probably would remarry his second wife, Mrs. M. W. Duke, of Chattanooga.

There is to be a new Assistant Secretary of the Interior, beginning with the fiscal year. Melville W. Miller, whose appointment from Lafayette, Ind., in March, 1903, occasioned considerable surprise, has been asked to hand in his resignation. He will do so today. Jesse Wilson, of Rensselaer, Ind., a member of the legislature and a friend and supporter of Senator Beveridge, will be appointed in his stead. No reasons are given officially for the change.

The Pope yesterday received in private audience the Most Rev. John J. Keane, Archbishop of Dubuque, Iowa. During the interview Archbishop Keane, having thanked the Pope for a telegram sent by him to the convention of Catholic temperance societies held at Cedar Falls, Iowa, the pontiff emphasized the importance of inducing the American people to abstain from intoxicating liquors and practice the fundamental virtue of temperance. The Pope sent his blessing to the temperance workers not only of Dubuque, but of the entire United States. After his audience with the Pope, the archbishop, who had already paid his respects to Cardinal Merry del Val, the papal secretary of State, visited Cardinal Rampolla, former papal secretary of state, with whom he had a long and interesting conversation.

Russia's Internal Crisis.

Advices from St. Petersburg say that the internal crisis had suddenly assumed an even more formidable crisis than in January. A panic characterized the closing of the Bourse yesterday. Government lottery bonds, which reached 415 roubles at the beginning of the week on the prospects of peace, were quoted at 397 yesterday. All other securities were weak.

Reports that General Linevitch had been outflanked and that the efforts in the direction of peace are not progressing are overshadowed by a great domestic industrial upheaval.

It is remarked that the January strike followed the fall of Port Arthur at an interval that was since equal to the time that has elapsed about the battle in the Japanese sea.

There was another strike yesterday at the Pulitoff Iron Works, where the January strike begun. Twelve thousand men are out. Other great factories will join the movement during the Russian Whitsuntide, which is now beginning. Already workmen in the provinces are joining. The railway employes at Tomsk have struck and the trouble is holding up traffic on the Trans-Siberian Railway.

Claims are made everywhere for political as well as economic reforms. A constitutional delegation from Moscow conference, including Prince Troubetskoi, is now in St. Petertburg under police surveillance. The delegation has been refused permission to present its address to the Czar.

Death of Judge Christian.

Former State Senator Thos. J. Christian, who was at one time circuit judge of Matthews and Middlesex counties, died at the Newport News General Hospital yesterday as a result of an attack of apoplexy on Tuesday night. He did not recover consciousnesss after the attack. Judge Christian was 69 years old and is survived by three sons—Attorney T. J. Christian, of Newport News; Julian T. Christian, of Mathews county, and George Christian, of Norfolk. Judge Christian was a native of King William county, where he lived until the beginning of the civil war, at which time he enlisted in the cavalry company known as "Lee's Rangers" of which "Runie" Lee was first captain. Judge Christian was promoted to the captaincy of the company, in which position he served with distinction. His wife, who died about six years ago, was Miss Georgia Hudgins, daughter of Holder Hudgins, of Mathews county.

Lady Bell, formely owned by Mr. A. H. Fulton, of Leesburg, defeated the world's record for high jumping at a recent exhibition in France. Her record was 8 feet, three inches more than that made by Heatherbloom last year.

Dr. James C. Hummer, 72 years old, died last night at his home, in Baltimore. Dr. Hummer was educated for the ministry, and at different times was pastor of churches in Maryland and Virginia. In 1871 he left the ministry for the medical profession.

Mayor Thomas P. Wallace, of Fredericksburg, has left the Mary Washington Hospital and is at his rooms at the Exchange Hotel. He will leave Saturday for his farm near Winston, in Culpeper, where he will spend two weeks recuperating before resuming his official duties.

David Adams, a groom of two months, had a quarrel with his wife at Winchester yesterday and swallowed carbolic acid with suicidal intent. When the acid touched his mouth, Adams repented and informed his wife of what he had done. A physician was summoned and after hard work the man's life was saved.

Judge Charles E. Nicol, of the Circuit Court of Loudoun, decided in the case against S. C. Chancellor, mayor, who was fined $75 by a justice of the peace for carrying concealed weapons, that the mayor of any town had the right to carry weapons at any time, concealed or not, whithin the corporation limits and one mile beyond.

Rev. Manson T. Dye, who is temporarily at the head of religious enthusiasts at Danville, locally known as "Holy Jumpers," was arrainged in the mayor's court yesterday morning on the charge of creating a disturbance. A number of people complained of boisterous conduct of Dye and his followers in the streets at night. The mayor did not impose a fine, but ordered moderation in the methods of the enthusiasts.

Elsie Perrow, the 8-months-old child of Mr. and Mrs. Jack Perrow, of Lynchburg, was strangled yesterday morning at the home of her parents in a tragic manner. The little one was left on a bed by its mother while she was attending to her household duties. The child evidently rolled off the bed, and as she fell her dress caught in a projecting portion of the springs, suspending her between the bed and the floor. When discovered the little girl was dead. The blow has prostrated Mrs. Perrow. This was her only child.

VIRGINIA BANKERS.

The commercial prosperity of the South is the keynote of the Virginia Bankers' Convention, in session in Richmond. "The South in the Saddle" was the subject of an address by Robert F. Maddox, president of the Chamber of Commerce of Atlanta, yesterday. His speech created enthusiasm, and when, incidentally, he made the following reference to President Roosevelt, the convention responded with a storm of applause:

"We have much hope in President Theodore Roosevelt, that matchless man whose integrity cannot be questioned, whose courage has never faltered, whose fairness to our section is promised, and I believe that before his term of office has expired he will have proven himself a friend to the South, and the whole country will unite in singing his praises, and history will record that his administration gave to every American citizen 'a square deal.'

"He has already inaugurated his vigorous policy against the trusts, and has announced his intention of compelling the great railroads of this country to make just and equitable freight rates, which are so badly needed, especially in the South. While our people should join in securing every reasonable immunity from oppressive taxation or unjust regulation of our great transportation companies, we should insist that they, with reasonable rates, retain for American labor its rightful heritage—the markets of the world and the supremacy of the earth."

A special committee was appointed to consider an invitation to meet next year at the Hot Springs, and to communicate with the bankers of Maryland and West Virginia with a view of a tristate convention.

Secretary of the Treasury Leslie M. Shaw addressed the convention last night. He devoted himself mainly to the needs of the foreign trade of the United States, saying: "If we expect to increase our exports of manufactured products we must learn to conform to the requirements of the foreign trade."

Today's Telegraphic News

Attacks on Fortress Monroe.

Fort Monroe, Va., June 17—Admiral Dickins, commanding the "hostile" fleet operating in these waters, seems determined to blow Fort Monroe off the face of the map, before noonday, when the maneuvers terminate. Since 10 o'clock last night two fierce attacks have been made by the vessels of his fleet upon the fortifications, and while neither of them was successful, he conclusively demonstrated the fact that it would be possible for an attacking fleet to land marines and make a flank movement against Fort Monroe, which is wholly unprotected from the land side. Just at dawn this morning the torpedo boat destroyers Whipple, Worden, Stewart and McDonough, followed by the converted yachts Siren, Silvia, and Hornet, made an attack on Fort Monroe. Jnst what Admiral Dickins hoped to accomplish by sending these little ships to their certain destruction without the aid of the larger vessels, cannot be ascertained now.

Fort Monroe, Va., June 17.—Never in the history of Fort Monroe and the other forts guarding the entrance to Hampton Roads has such a spectaclar battle been fought as took place here before noon, the hour set for the termination of the maneuvers. Rear Admiral Dickins' entire hostile fleet with the big battle ship Texas in the lead, and the other ships followed in single column passed the forts, and in Hampton Roads blazing away with all the guns in command. So well had Admiral Dickins timed the battle that when the smoke bomb was sent into the heavens from Fort Monroe at noon, announcing the end of the exercises, the last ship of his fleet of fifteen had just passed the southeast battery of Monroe, and fired it last salute at the ramparts of the historic old fortress.

The Franco Prussian Crisis.

Paris, June 17.—France is now working toward the end of securing an understanding with Germany in the Moroccan question, with the view of avoiding what in many quarters looks like a situation which threatens war. It is believed possible, however, if Rouvier is to arrange a modus vivendi under which France and Germany may operate more amicably for the present. This would call for the postponement of the proposed international conference and allow France to save her face. Premier Rouvier is working for a peaceful solution of the present problem. The German press is the real centre of the agitation, though the Berlin papers make "Anglophobia" the key note of all their comments on the situation, because England is supporting France in her stand. Several of the papers are advocating the strenghtening of the German navy, saying it must be made strong enough to defeat that of Great Britain. Herr von Gerlach, in the Neue Deutsche Rundschau, admits that at the present time Germany has no basis for a colonial policy as her colonies have proved a failure. Germany's population is steadily increasing and there must be an outlet for this increase. He says: "The Musselman world must become the sphere of German interest. The Kaiser has made an indellible impression on the Eastern mind."

Peace Prospects.

Paris, June 17.—The announcement was made today that at the interview which Dr. Motono, the Japanese Ambassador to France, had with Premier Rouvier, he officially communicated to M. Rouvier Japan's reply to the note of President Roosevelt, in which Japan accepted the President's proposal for the appointment of peace commissioners.

St. Petersburg, June 17.—The Novoe Vremya hears from what it considers an authoritative source that an armistice has been arranged.

St. Petersburg, June 17.—Arrangements have almost been completed for the fourth squadron of Russia's navy to sail for a maneuvering trip on the Baltic. The squadron consists of the battleships Slava and Imperator Alexander II. and the cruisers Pamyatazowa, Admiral Karniloff and Abrex. These vessels are all that remain of Russia's once powerful navy.

Royal Arcanum.

New York, June 17.—Regarding the readjustment of rates of the Royal Arcanum, which is causing so much discussion among the members of that order, the Royal Arcanum, bulletin, which contains the official news of the supreme council, just issued gives the reason why an adjustment of rates was necessary at this time. It says the revenue from the present scale of assessment during the past two years was not sufficient to pay the mortality claims, the surplus in the current cash account has been expended and the emergency fund entrenched upon at the time of the meeting of the supreme council.

Candidates to be Sidetracked.

Philadelphia, June 17.—At a conference of the republican leaders held this morning it was definitely decided that the present candidates for sheriff, coroner and city commissioners should step aside and that new men should be nominated in their places. This is to be done in response to an appeal of the Union League for reform within the party lines to save the party from threatened defeat. It is understood that the city committee will hold a conference with the Union League and that the latter will be asked to name the men whom they favor as candidates.

Yacht Race.

Dover, Eng., June 17.—Unfavorable conditions prevail today for the start of the yacht race for Kaiser Wilhelm's cup from Dover to Heligoland. The weather is heavy and showery and the wind is light. The race will be sailed under a sealed handicap. The chances favor the Atlantic, Wilson Marshall's yacht, which won the race across the ocean recently, unless head winds are encountered. The yachts are expected to reach Heligoland on Monday and after passing there will be towed through the Kiel canal preparatery to starting in the Kiel regatta which opens on Thursday.

To Celebrate the Fourth.

New York, June 17.—The Tammany Society is planning a big celebration for the Fourth of July this year. Former President Grover Cleveland, Judge Alton B. Parker, William J. Bryan, Judge D. Cady Herrick and Governor Joseph W. Folk, have been invited to make speeches. None of them has accepted so far, but it is expected that Herrick and probably Folk will accept in time, and that the others will send letters. The committee in charge say they are certain of plenty of high class orators.

Fire in Moscow.

London, June 17.—According to the Exchange Telegraph Company over $8,000,000 damages already been caused by the great fire in Moscow, which started last night in three commissariat store depots, following several mysterious explosions. Eight men lost their lives in the explosions. The fire was reported to be still burning today. The firing of the storehouses is attributed to a plot and the police are making a careful investigation. There may be important developments as the result of this investigation.

Held for the Grand Jury.

Chicago, June 17.—After telling the coroners jury a straight forward story of how he drove an automobile into the river at the Rush street bridge, late Saturday night, William Hoopes jr. had been held to the grand jury for the deaths of Jerome G. Kurtzman and Mrs. Kurtzman who with Wilson A. Hartley were drowned as a result of the accident.

Reign of Terror.

Nome, Alaska, June 17.—A reign of terror recently prevailed on the Diomedi Islands, Siberia. The trouble was caused by whalers trading in whisky, furs and ivory. In the orgies a young native woman was burned at the stake, one native man was hanged, and three were shot. The Siberian authorities are aroused at the Americans who are alleged to be responsible for the trouble.

New York Stock Market.

New York, June 17.—Price movements during the first hour were narrow and the declines small fractions. Most of yesterday's buyers of Reading sold the stock this morning, but it held above 96. Japanese four-and-a-halfs continued firm, with trading around 93. There is some discussion in Wall street circles about the strained relations existing between France and Germany, but no one seemed to be disposed to sell stocks because of the diplomatic tension between the two countries over the Morocco situation.

Pathetic Incident.

A pathetic incident occurred on the North German Lloyd steamer Chemnitz, which arrived at Baltimore on Wednesday with 1,902 passengers from Bremen. Among the passengers on the steamer and on the way to meet her husband was Maria Auguste Kattnich, accompanied by her little daughter, Maria, five years of age. The mother, who was in poor health, and thinking a home in this country would prolong her life, left Bremen on the steamer for the great country where prospects for making a livelihood were much better than in the Fatherland. When the steamer was in midocean the tax on the delicate mother was so great that she died, leaving the little girl helpless and heart-broken. The body was not buried at sea, as is the custom, but brought to Baltimore in a coffin and on its arrival turned over to the agents for the steamship company. A dispatch was sent immediately by the officials to the husband, who resides in Chicago, Ill., apprising him of the death of his wife and to come for the remains. A young woman who was also a passenger on the steamer and whose destination is Chicago has assumed charge of the little girl and will see that she reaches her relative. Two little passengers who were not on the steamer when she left Bremen, were born on the briny deep June 9. Both were boys and have the same mother.

Every Man Went Down.

A general requiem mass was celebrated today at the naval chapel at St. Petersburg for the repose of the souls of officers and other members of the crew of the battleship Alexander III., who, the admiralty announces, went down to a man in the battle of the Sea of Japan.

There was only one survivor of each of the complements of the battleships Borodino and Navarin. The prophetic words of Captain Bukhvastoff, of the Alexander III., at a dinner to his officers before their departure for the far East are now recalled. He said: "Of one thing I am sure—we will all die and not surrender."

Comptroller Grout, of New York, yesterday filed suit against the New York World for $200,000, alleging libel. It is said that the comptroller complains of the criticism of the paper in the Montauk Theatre sale.

Life Insurance.

The recent denouement in a large Life Insurance Company has temporarily shaken confidence in the vitally important subject of life insurance, but if looked at in a business way, it should have an opposite effect on the public mind and should be hailed with delight by policy holders who will see to it that more stringent laws be passed both by the States and by the federal government, throwing around life insurance companies additional safe guards and thereby causing a general "house cleaning" in all companies; stopping all leaks such as superannuated and fancy high priced figureheads, eliminating all unlawful money channels used now for the benefit of trusts and stock gamblers, compelling the companies to carry out their contracts with policy holders, and to safely and legitimately conduct the important business of life insurance. This will be the effect of the present stir that has been precipitated by the Equitable Co. to its own betterment and to that of life insurance generally. The above might be said of fire insurance companies.

Heavy Fine.

In the Corporation Court yesterday evening the jury in the case of Richard C. Burnett, who had been indicted for selling liquor without a license, brought in a verdict of guilty and fixed the fine at $300. Judge Barley also imposed a jail imprisonment of twelve months. The jury was composed of Messrs. D. W. Aitcheson, C. J. Geisendaffer, J. S. Grimes, W. P. Henshaw, J. G. Cockey, J. C. Perry and R. M. Wattles. State's Attorney Brent conducted the prosecution and Burnett was represented by Attorneys Machen and Moncure. Burnett's wife, who was indicted with him jointly, was, at the request of the prosecuting attorney, dismissed. Motions to set aside the verdict as contrary to the law and evidence and for a new trial were overruled, but a stay of execution for thirty days was granted and Burnett, after remaining in custody all night, was released on bond in the sum of $3,000, his mother and Mr. William Rogers becoming his sureties today. During the trial it was shown that the testimony of one of the witnesses for the prosecution varied decidedly from that which he had given before the grand jury on Thursday night, and it is said that the Commonwealth's Attorney will take proper steps in the matter.

Double Track in Use.

The new double track of the Washington, Alexandria and Mt. Vernon railway has been completed and is now in use from Spring Park to Four Mile Run, and only about a quarter of a mile of track remains to be built across the run to connect with the double track from the power house to Arlington Junction. The completion of the new track does away with many vexatious delays caused by meeting trains, the cars lying on sidings often as long as ten or fifteen minutes, and the railway company will now be able to maintain a regular schedule. Work has been started on the double track across Four Mile Run where considerable pile work will have to be used in crossing the swamp.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Mary Nicholson, arrested by Officer Sherwood charged with selling cocaine, was dismissed for want of evidence.

A white man, arrested by Officer Roberts charged with obtaining money under false pretenses, was fined $10.

John Dogan, colored, arrested by Officers Mayhugh and Nicholson charged with assaulting and beating Hattie Conway, was fined $20.

Margaret Witte, arrested by Officer Roberts charged with disorderly conduct toward Ollie Simpson, was fined $2.50.

River Notes.

The new tug Edward G. Gummel yesterday left the works of the James Clark Company, Baltimore, where her machinery was built and installed. She goes direct to Washington, where she is owned by the Columbia Towing Company. She will be put on the Potomac river. The hull is 75 feet long, 18 feet 5 inches beam and 8½ feet deep.

The mammoth steam transport Cæsar, which had been lying in the river opposite the shipyard, left yesterday, having aboard a number of instruments and other paraphernalia, which will be used by Rear Admiral Colby M. Chester and observation party which will go to Africa for the purpose of witnessing the solar eclipse of August 29-30 next. The Cæsar will accompany the party as supply ship. The Cæsar was formerly an English steamer, and was purchased by the United States during the Spanish war.

The steamer Dennis Simmons, from Williamston, N. C., with lumber to Smoot & Co. and H. K. Field & Co., has arrived.

Mr. Norman H. Moore has sold the steam yacht India to parties in Washington, and Mr. James Beach has disposed of the steam yacht Beach to a resident of the same city.

The schooner Jos. E. Ray, which recently discharged a cargo of fertilizer at W. A. Smoot & Co.'s wharf for the Alexandria Fertilizer and Chemical Company, has sailed for Georgetown where she will load coal for a northern port.

The schooner Winfield Scott Scheuster, which also brought fertilizer to the same company, has sailed for Newport News where she will load coal for a northern port.

Lawn Fete.

Monday evening, June 19th, a garden party for the benefit of St. Mary's Academy will open on the academy grounds and continue for four nights. It will be in charge of a bevy of beautiful young ladies which is sufficient guarantee for its success. They will dispense not only the customary good things, such as ice cream and cake, sandwiches and coffee, lemonade and light drinks, but they have also many other delightful surprises for the public which will make the garden party well worth attending. Chief among the new and attractive features will be a baby show by several young men, that for variety and fund of amusement cannot be surpassed. It alone would be sufficient to induce all to attend. Another prominent feature will be the presence of Si's real living and kicking mule, "Maud," who comes all the way from Washington to grace the lawn fete and to dispense gifts to the Alexandrians. There will also be an orange grove, fancy work table, prize boxes, fish ponds, and many other things to amuse. Don't miss it! It will be well worth attending, if only to get a smile and a hearty welcome from the presiding beauties.

Musical Recital.

A musical recital was given at the Opera House last night by the pupils of Miss Devitt's class. The well arranged program was excellently rendered before a large and appreciative audience. The young ladies who took part in the programme were: Misses M. Milstead, E. Fields, N. Robey, L. Lyles, E. Fogg, M. Glover, L. Meyers, N. Hinken, B. Peake, L. Scott, V. Proctor, I. Creegan, A. Killerlain, L. Sullivan, H. Mason, M. Grimes, L. Langford, L. Rauch, E. McCuen, N. Pullman, A. Apple, Z. Smith, E. Dean, R. Peake, L. Baggett, M. McLearen, H. Heishley, A. Baader, M. Finks, K Eaton, E. Kidwell, M. Simpson, R. Proctor, Masters E. Scott and W. Killerlain. The first premiums were awarded to Misses M. Milstead and E. Fields; second premiums to Miss N. Robey, L. Lyles, A. Killerlain, B. Peake, R. Proctor and L. Meyers.

Broke Away From Officers.

Some excitement was caused on Fairfax street, near King, between four and five o'clock yesterday evening by John Dogan, colored, who broke away from Officers Mayhugh and Nicholson while on the way to the station house. The fugitive who had been arrested for assaulting Hattie Conway, ran in an easterly direction with the policemen following closely in his path, a large crowd closely following. Officer Mayhugh soon outran Dogan and he and Officer Nicholson placed him in a cell in the station house. The prisoner was brought before Justice Caton this morning when the evidence showed that the assault by Dogan upon the woman was of a brutal nature. He was fined $20.

A Sad Mistake.

A naptha launch left Washington late yesterday evening for Marshall Hall. The boat contained a small party of excursionists and was in charge of the owner who had arrayed himself in a sailor's suit of immaculate white. Upon reaching their objective point the amateur skipper was arrested by soldiers from one of the forts in the neighborhood on suspicion of being a deserter from the United States navy. The soldiers, it is said, refused to listen to any explanation and conducted their prisoner away without ceremony. It could not be learned how the affair ended.

Another Engagement.

Cannonading was heard again last night in the vicinity of Forts Hunt and Washington. It is supposed that another engagement took place between the forts and a "hostile" fleet, but it has been impossible to ascertain how many ironclads were sunk or the amount of damage sustained by the fortifications. As was the case on other occasions, many people hied themselves to the eminences in the southeastern section of the city when the booming of the cannon was heard.

Railroad Accidents.

As was stated in the Gazette, the Southern Railway express No. 40 yesterday morning was derailed near Charlotte, N. C., Thursday night. Engineer Charles Camble was seriously injured and Fireman Robt. Witherspoon, colored, is missing. No passengers were killed or severely injured. Local traffic was still further delayed by a freight wreck near Somerset, Va. The freight cars were thrown from the track, but it is said that nobody was injured.

Excursion.

The Alexandria Trades Council will give their first annual excursion to River View next Tuesday. Two trips will be made during the day and one in the evening at 7:15 o'clock. Every arrangement will be made by the committee to insure all who patronize the excursion a pleasant time.

Attention has heretofore been directed to the yacht Mystery as a family picnic boat. The Mystery is propelled by an electro gas machine different from all other boats. All interested should inspect this trim little craft at the foot of Duke street. She will only stay here two weeks longer, as she is chartered to the Colonial Beach Company for two months—July and August. Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I than God for so valuable a medicine." For sale by Gibson & Timberman and W. F. WATCHES AND JEWELRY

Acton Precision Watch

Is not the cheapest, but is by far the least expensive.

This is a deliberate statement of fact—not a puff of advertising. Some day not far off, those who are now buying cheap watches will recall our statement and admit that we spoke the truth; for they will then come to see that it is more expensive to buy the cheap watch with an empty guarantee than to secure the best in the beginning by paying a trifle more.

Our special 12-size watch sale ends Saturday. $25 Watch, $18.50. Fully guaranteed.

Have You Seen the MYSTERY

The Mystery is a family picnic boat and is propelled by an electro-gas machine different from all other boats. She is perfectly safe and reliable; has run three years at Chesapeake Beach and carried thousands of people from Washington and Alexandria. You can charter the Mystery for small parties of ten to fifteen people for one dollar an hour, or eight dollars a day, to go anywhere on the river. The Mystery will only stay here two weeks longer, as she is chartered to the Colonial Beach Company for two months—July and August. For further particulars inquire on board of boat at the foot of Duke street, Alexandria.

SATURDAY EVENING, JUNE 17, 1905.

Woman Burned to Death.

Mrs. Lucy Pearman, the young wife of W. B. Pearman, was burned to death at her home in Richmond early yesterday morning. When discovered she was lying on the kitchen floor, oil burning all over her body and the room a seething furnace. An exploded gallon oil can near her body told the story of an attempt to build a fire in the stove by the use of oil. A panic possessed the neighbors, and none dared to go into the flaming room. Finally Harry Wilson, wrought up by the terrible condition of the suffering woman, declared he would perish himself rather than witness such a sight longer, and, dashing into the flames, grasped the then unconscious woman by the arm and dragged her into another room. Her clothing was burned away, except her shoes, and her entire body was black. She died in a short time. Mrs. Pearman was 28 years old and had no children. She was Miss Lucy Virgins, of West Virginia. The devotion of the couple was a pleasant subject of conversatton among the neighbors.

Three Negroes Hanged.

Harvey Smith, John Collier and Will Jackson, colored, were hanged in the jailyard in Decatur, Ala., yesterday afternoon. Troops were present as a precautionary measure, but there was no disorder. Two thousand persons surrounded the jail. Smith and Collier murdered Miss Belle Bloodworth, a young woman of Decatur. Jackson killed a policeman who was trying to arrest him. The three men were hanged together, but when the drop fell the knot slipped off Smith's neck and he dropped to the ground crying out "Thank God I am free; yes, I am free!" He was picked up in a semiconscious condition and hanged a second time, the rope drawing so taunt that it cut deep into his flesh. Smith was practically unconscious when the drop fell the second time and had to be held up on the scaffold as the rope was adjusted. Both Smith and Collier protested their innocence to the last, while Jackson claimed he killed Policeman Steele in self-defense.

Furious Fighting.

"For seven years," writes Geo. W. Hoffman, of Harper, Wash., "I had a bitter battle, with chronic stomach and liver trouble, but at last I won and by the use of Electric Bitters. In unhesitatingly recommend them to all, and don't intend in the future to be without them in the house. They are certainly a wonderful medicine, to have cured such a bad case as mine." Sold, under guarantee to do the same for you, by E. S. Leadbeater & Sons, druggist, at 50c. a bottle. Try them today.

AUCTION SALES.

IMPORTANT! RARE OPPORTUNITY!

SALE OF DESIRABLE LOTS, PARCELS AND TRACTS, SOME IMPROVED WITH HOUSES AND OTHER BUILDINGS, AND OTHERS UNIMPROVED BUT SUITABLE FOR BUILDING AND OTHER PURPOSES, AT

POTOMAC CITY, Quantico, VA.,

MONDAY, JUNE 19, at 1:30 p. m.

TAKE NOTICE—The sale is to take place at Potomac City, NOT AT MANASSAS. Sale was originally advertised for Manassas, but has been postponed to June 19th in order that it may take place AT POTOMAC CITY, where property is situated.

BY VIRTUE OF A DECREE OF THE Corporation Court of the city of Alexandria, Virginia, rendered on the 7th day of November, 1904, in the chancery cause of Solomon Myers and Isodore Myers, executors of Lewis Myers, deceased, vs. Max Lansburgh and others, the undersigned special commissioners of sale, will on

MONDAY, JUNE 19, 1905,

at 1:30 p. m., at POTOMAC CITY (QUANTICO), VA., sell at public auction so much of the right, title, interest and estate of the defendant, Max Lansburgh, in and to that valuable and extensive domain situated in the county of Prince William, State of Virginia,

FRONTING ON THE POTOMAC RIVER, AT POTOMAC CITY (QUANTICO), VA.,

described as containing 4,264 acres, more or less, and bounded on the north by Quantico creek, on the south by Chappawamsic creek and on the west by the telegraph road, together with all rights and appurtenances there to belonging or in any wise appertaining, as may be necessary to satisfy the amount of the said decree in favor of the plaintiffs against the said Max Lansburgh; to-wit, the sum of $2,741.77, with interest on $2,473.66, part thereof, from March 6, 1900, and on $268.11, the residue thereof from October 4, 1901, until paid, and the costs of this suit and of sale.

Terms of Sale—One-third of the purchase money in cash on the day of sale and the residue in two equal installments at six and twelve months from the day of sale, the deferred installments to bear interest at the rate of six per cent. per annum from the day of sale until paid, and the title to be retained until the full payment of the purchase money. The purchaser or purchasers may at their option pay all in cash. All conveyancing to be at the cost of the purchaser or purchasers.

Although the holdings of defendant, Max Lansburgh, are subject to the contingent dower right of his wife in the equity of redemption, and subject also to the rights of W. A. Winsatt under a certain agreement bearing date February 9, 1904 and March 4, 1904, respectively, and the deed made in pursuance thereof, recorded among the land records of Prince William county in liber 52, page 323, and consequently, should it be necessary to sell the entire holdings of Mr. Lansburgh, the sale would have to be subject thereto; yet the commissioners will be in a position to give good titles to individual lots, parcels etc., without encroaching upon the bulk of the domain, because, in the first place, resort would after such sales have to be made in respect of said contingent dower interest to the remaining bulk of the domain thus relieving the individual lots, parcels &c. and, in the second place, the rights of W. A. Wimsatt are expressly subject to a release by him of his liens when individual lots, parcels etc., without encroaching upon the bulk of the domain, and without interference with his timber cutting, are sold.

In conductinng the sale, therefore, the commissioners will first proceed to offer individuals lots, parcels etc, as follows:

Church and schoolhouse together with half acre of ground;
Two 2-story 7-room dwellings, very desirable;
Four 1-story dwellings, containing, respectively, 2, 3 and 4 rooms;
One store-building, one story;
An exceptionally large 2-story dwelling in addition to the the two already mentioned;
One combined stable and barn;
Numerous valuable building lots;
"M. Turner Tract" of 32 acres;
"T. Turner Tract of 40.25 acres:
"Dowell Tract" of 40 acres;
"Maddox Tract" of 48 acres;
"Downer Tract" of 57.75 acre;
"McNair Tract" of 70.12 acres; etc. etc.

This is a great opportunity to buy homes and build homes in the eastern section of the county, with excellent railroad facilities, and all the advantages of the water facilities afforded by the Potomac river which are the more available at Potomac City on account of the depth of the channel at that point.

JAMES R. CATON,
J. B. T. THORNTON,
Commissioners of Sale.

I, John S. Beach, Clerk of the Corporation Court of Alexandria, do certify that James R. Caton has executed bond with approved surety as required by the above decree.

JOHN S. BEACH, Clerk.

TO THE OWNERS OF DOGS.

Mayor's Office,
Alexandria, Va., June 1, 1905.

All persons owning or intending to keep any animal of the dog or canine species must come forward on or before

JUNE FIFTEENTH, 1905,

and take out a license for the same from the Auditor. After the NINETEENTH OF JUNE all persons owning or harboring dogs without the required license can be fined (as the laws on the subject require) $5 for every dog so owned or harbored.

Complaint has been frequently made that many persons fail to take out their license, and that others pay on one or two dogs when owning and harboring more, or who send such dogs away during the summer months and bring them back in the fall.

Attention has been called to this evasion of the law, and the policemen will report all such cases, and fines can be imposed upon those who fail to take out licenses after trial in the Police Court.

The police officers will be required to report all violations of this law.

In order to avoid any mistakes persons who make application for licenses would do well to write their names and number of residence, street, &c., on a card or paper when making application for their licenses to the Auditor.

FRED. J. PAFF, Mayor.

License and Tag, $1.50.
